MM Docket No.

To: Chief, Policy and Rules Division

PETITION FOR RULEMAKING

DOCKET FILE COPY ORIGINAL

William J. Glynn, Jr., pursuant to 47 CFR 1.401 of the Commission's rules, hereby respectfully petitions the Commission to institute a rulemaking proceeding looking toward the assignment of FM channel 227 to Nikiski, AK, and to amend section 73.202(b) of the Commission's rules as follows:

City	Channel Number	
	Present	Proposed
Nikiski, Alaska	None	227C2

In support whereof, the following is shown:

The technical exhibit appended to this petition for rulemaking shows full compliance with the Commission's mileage separation requirements. See exhibit A. The exhibit also indicates that the proposed channel can be assigned with no other changes in the table of assignments.

Nikiski, Alaska is a thriving community located on the Kenai Peninsula, in South Central Alaska. The 1990 census compiled by the U.S. Department of Commerce indicates that the population of Nikiski, AK, a Census Designated Place, is 2,743 persons. Aside from its classification as a Census Designated Place, Nikiski exhibits other objective characteristics which fulfill the Commission's requirements to qualify as a community. Objective examples include the existence of political, commercial, social, and religious organizations and services in the community.

Nikiski has a long history. Original settlement by Alaska Natives goes back to before recorded time. In the 1950's the community began to

grow as the Oil and Gas industry expanded. Today it is a thriving area.

Nikiski has its own U.S. Post Office and Zip Code. There are many businesses serving the residents as well as the Oil and Gas industries. Tourism is also a major industry.

The commission, as mandated by congress, has a long-standing policy to make allocations which constitutes the most efficient use of the spectrum. Consistent with that policy, the proposed allocation of CH 227C2 would result in the first local service to Nikiski.

The attached declaration indicates that William J. Glynn, Jr., a resident of the Kenai Peninsula Borough, will apply for a license to build and operate an FM station on that channel.

Wherefore, the foregoing premises considered, I, William J. Glynn, Jr. hereby respectfully petition the Commission to institute a rulemaking proceeding looking toward the assignment of FM channel 227C2 to Nikiski, AK.

Respectfully submitted,

William J. Glynn, Jr.

FCC part 73.202(b), table of assignments, lists no allocations of CH 227 within several hundred miles of Nikiski, AK. Anchorage, AK is assigned CH 225C 229C2, and 281C1. These allocations are 120.74km(75.03mi), 93.21km(57.92mi), and 88.54km(54.64mi) respectively, from Nikiski. These distances more than meet the requirements of 73.207(b)(1).
